Hello George,

Like to thank you for the excellent job you did both on the purchase of our new '47 Caliber Ti Amo and for helping us sell our '40 Caliber Paradigm.

Your attention to detail was excellent and your ability to help us both through some of the tricky points of the negotiation was uncanny.

In addition your knowledge of the marine industry and in particular Caliber Yachts was invaluable. You were able to answer questions about each boat always with exact specifics about that particular boat. You continue to be a resource for customer service long after the sale and you have always been available with prompt and accurate answers whenever called upon over the 16 years we owned Paradigm.

I would without question recommend you to anyone looking for a Caliber of any fine sailing vessel for that matter!

Regards,

Greg & Groome
